TRUSTEES' REPORT

We are glad to be able to state in this our fourth annual report to the town that the interest heretofore manifested in the Library is still on the increase. This is showed by the increased number of cards issued and of books taken out during the year. This increase would have been much more marked had the library not been closed for three weeks by order of the Board of Health on account of diphtheria.

The number of books is steadily on the gain and now is 3000, and we trust the town will be as liberal as heretofore with the library.

We would again remind all citizens of the town that we have a library worthy of the name, and invite all to patronize it and thus share in its benefits.

We tender thanks to all donors of books, etc., and say to others there is still room to do so some more.

ELLA M. PATTEE
